**Essential Design Skills**

# Overview Of Today's Class

**Learning Objectives:**

- 1) To understand Canva's basic design tools.**
- 2) To learn how to create a Canva graphic using a template.**

# WHY CANVA?

**CANVA provides a user-friendly interface to help you build your dream business!**

# What Is CANVA?

A drag-and-drop editor for social media posts, presentations, videos, and print documents for business and education.

**Free  
copyrighted  
photos,  
graphics &  
music**

**Work alone  
or in a team**

**Provides  
cloud  
storage**

What Can  
**CANVA** Do  
To Help You  
Promote Your  
Small Business

# CREATE SOCIAL MEDIA CONTENT

Design authentic, scroll-stopping videos, posts, and stories for every social media platform.

Instagram

Facebook

LinkedIn

YouTube

Tik Tok

Pinterest

Animated SM

X (Twitter)

# Easily Customize A Logo

# Create Tags or Stickers

**Fiber Art by Carola**

**Cloth Dyed In  
9th Ward**

# Create a Website Using CANVA

Example of Website Created Using CANVA is ideal if you need to create an up and down scrolling. It took less than 15 minutes to create the website linked below. Most of that time was spent locating and downloading images from my Cloud account.

**SHARE ONE WAY  
YOU CAN USE  
CANVA IN YOUR  
SMALL BUSINESS**

# Free vs Paid Subscriptions

Two pay subscription plans:  
CANVA Pro for one user and  
CANVA Teams for two or more  
users.

CANVA Pro costs either \$12.99  
per month or \$119.99 per year.

**Free version with 5GB of cloud storage**

# Benefits of CANVA Pro

- **Access to premium content designated by a small gold crown.**
- **Access to more fonts and you can upload your own.**
- **More stock photos and elements.**
- **Can create your own customized brand with colors, fonts and logos.**
- **Can remove backgrounds.**
- **Can schedule social media content for eight platforms.**
- **1TB of storage space and 24/7 customer support.**

# CANVA Teams

**Costs start at \$149.25 per year or \$14.99 per month for two users. The more users you add the higher the price. You get everything that's in the CANVA Pro Plan plus the following:**

- **Team reports and insights.**
- **SSO.**
- **ISO 2700 certification and compliance.**

# Free Educational Subscription

CANVA also has a free educational subscription for verified teachers to use with their students.

**Requires a .edu school e-mail address**

**PLEASE SHARE  
OBSTACLES THAT  
PREVENT YOU FROM  
USING CANVA**

The background is a light yellow color. In the top-left corner, there is a large, solid blue shape that curves downwards and to the right. In the top-right corner, there is a red, hand-drawn style scribble that forms a loop and then extends to the right. At the bottom of the page, there are several light green, wavy shapes that resemble hills or clouds.

LEARNING CANVA**

# ESSENTIAL DESIGN SKILLS

**Hierarchy | Alignment | Repetition | Balance | Contrast |  
Grouping | Clear Space | Fonts | Color | Consistency**

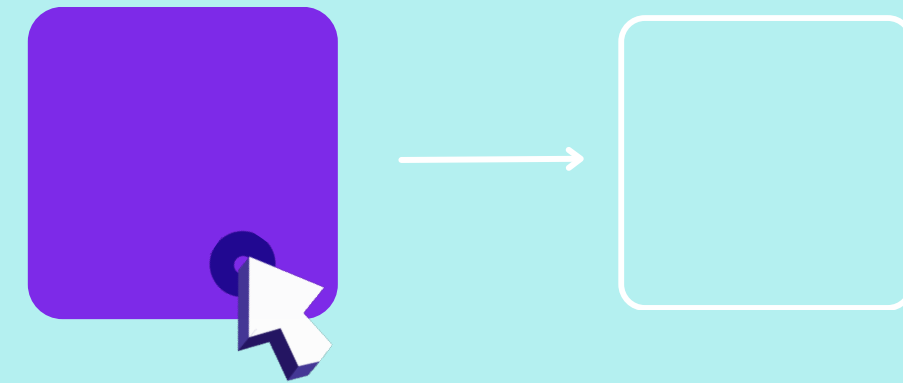

How does it work?

# Learn

Watch a video and learn  
what you need to do

# Play

Interact with the elements  
to complete the activity

Got it? Let's begin!

# Harness Hierarchy

Hierarchy helps the viewer know what to read first. Is the most important information the biggest, boldest, or brightest?

Example

And you will read this last.

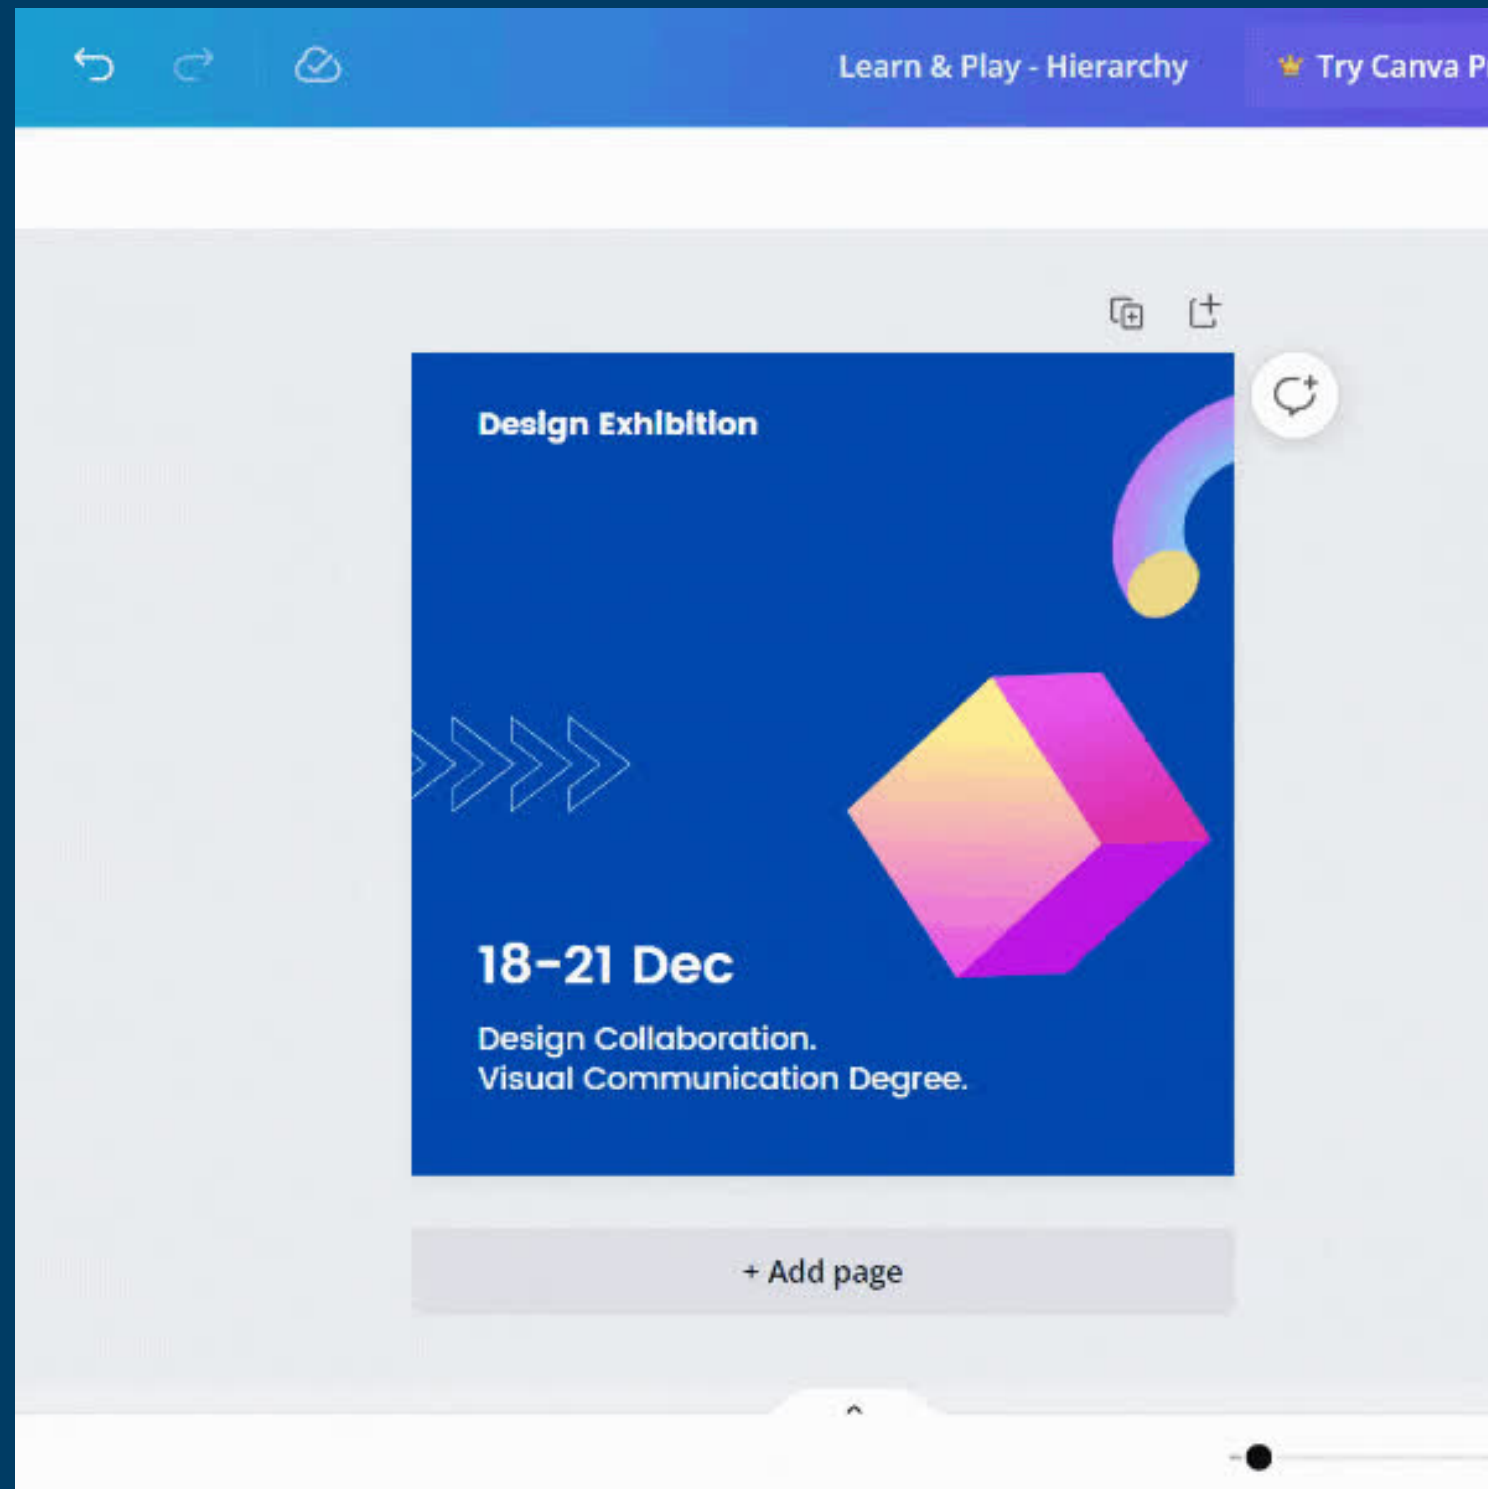

**You will read  
this first.**

**And then you will read this.**

Then this bit.

# Learn

Scale text and objects to show importance

# Play

Create hierarchy by increasing the size of the header

Change the text size to 72

# Ace alignment

Does your design feel neat and tidy? Look for Canva's handy guides when moving elements around the page.

## Example

Create a centered design when using two or three lines

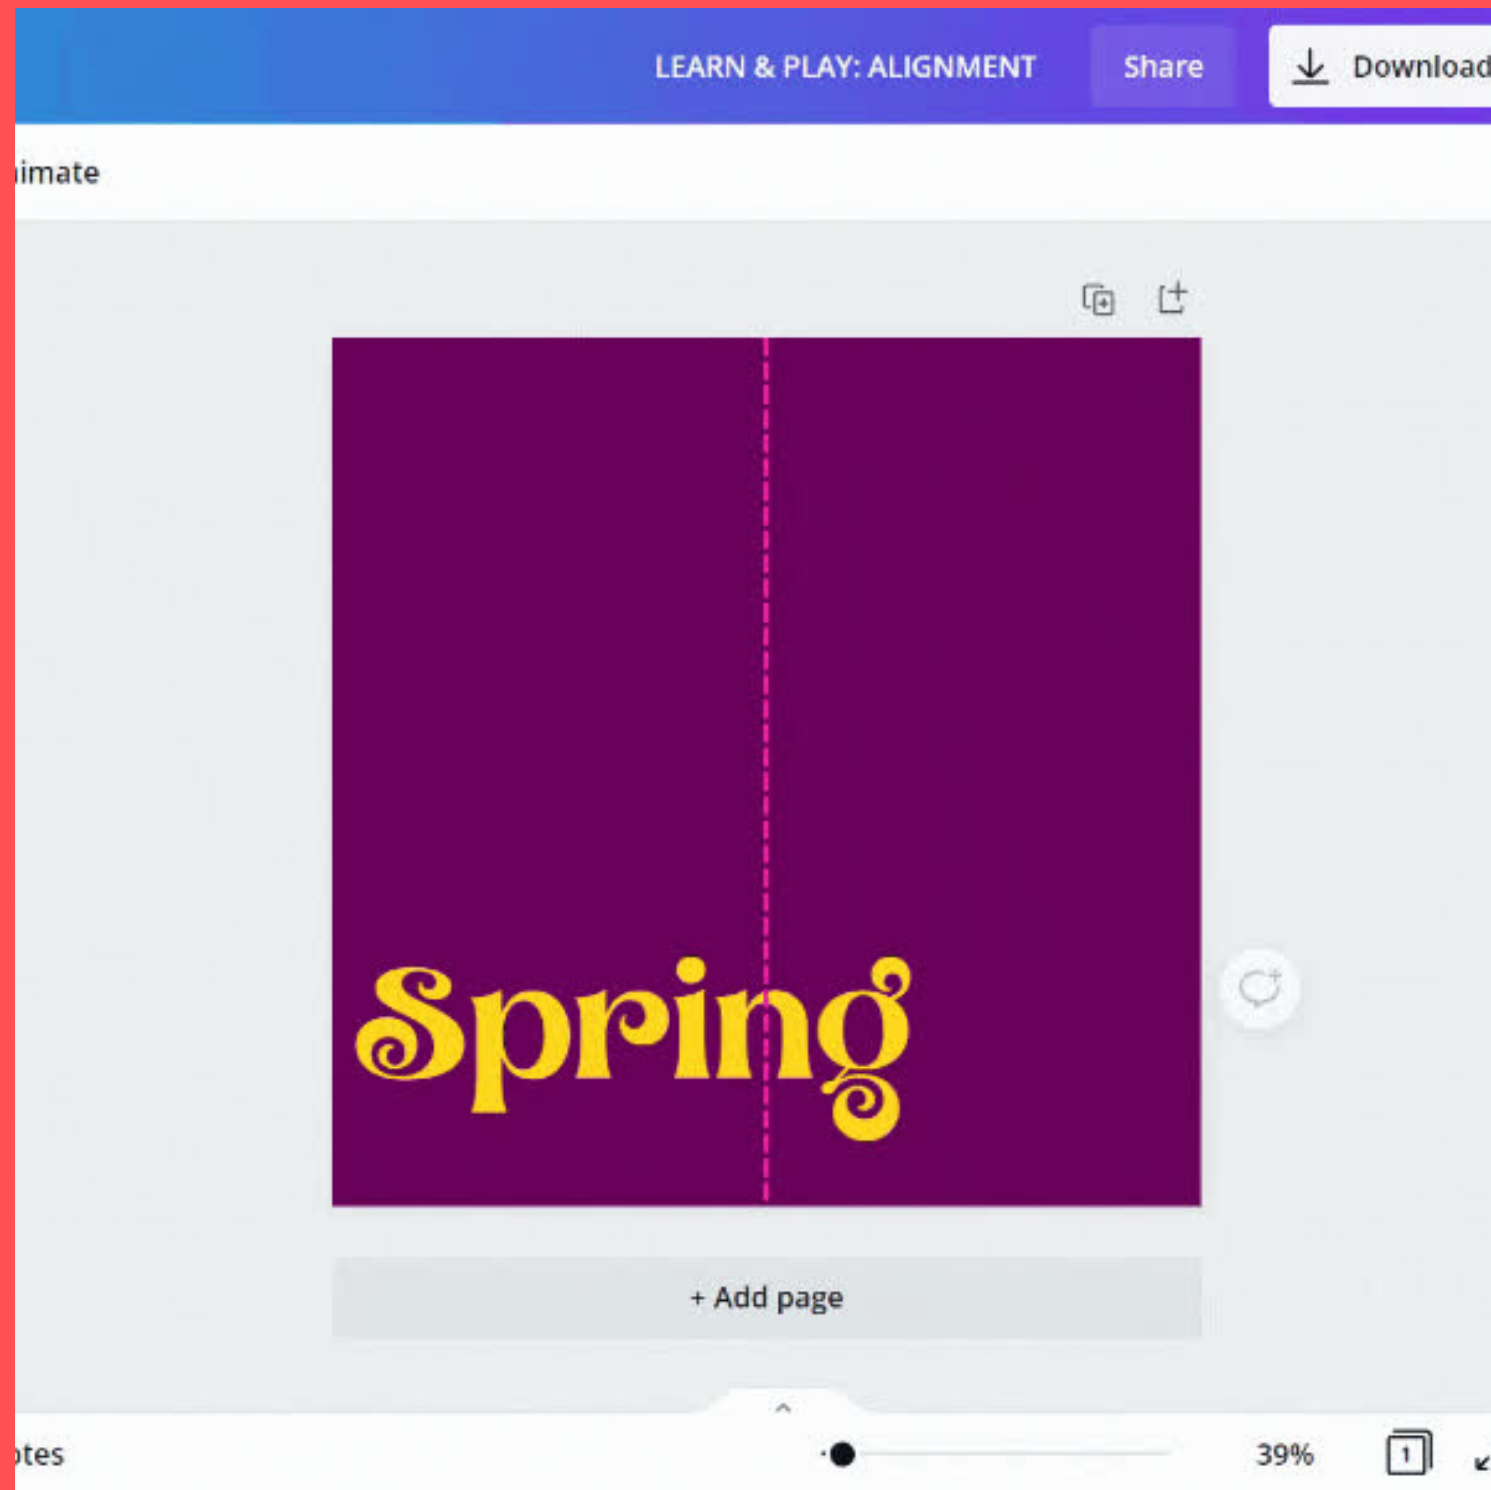

If you have lots of text, use left alignment

Right alignment is effective, especially for right-to-left languages

Justified text can be effective in some layouts like a geometric design

# Learn

Insert elements and align to the centre

# Play

Create a design with centred alignment

# Practice Repetition

Repetition helps to bring  
elements and designs together.

Example

*Mr Dafoe*

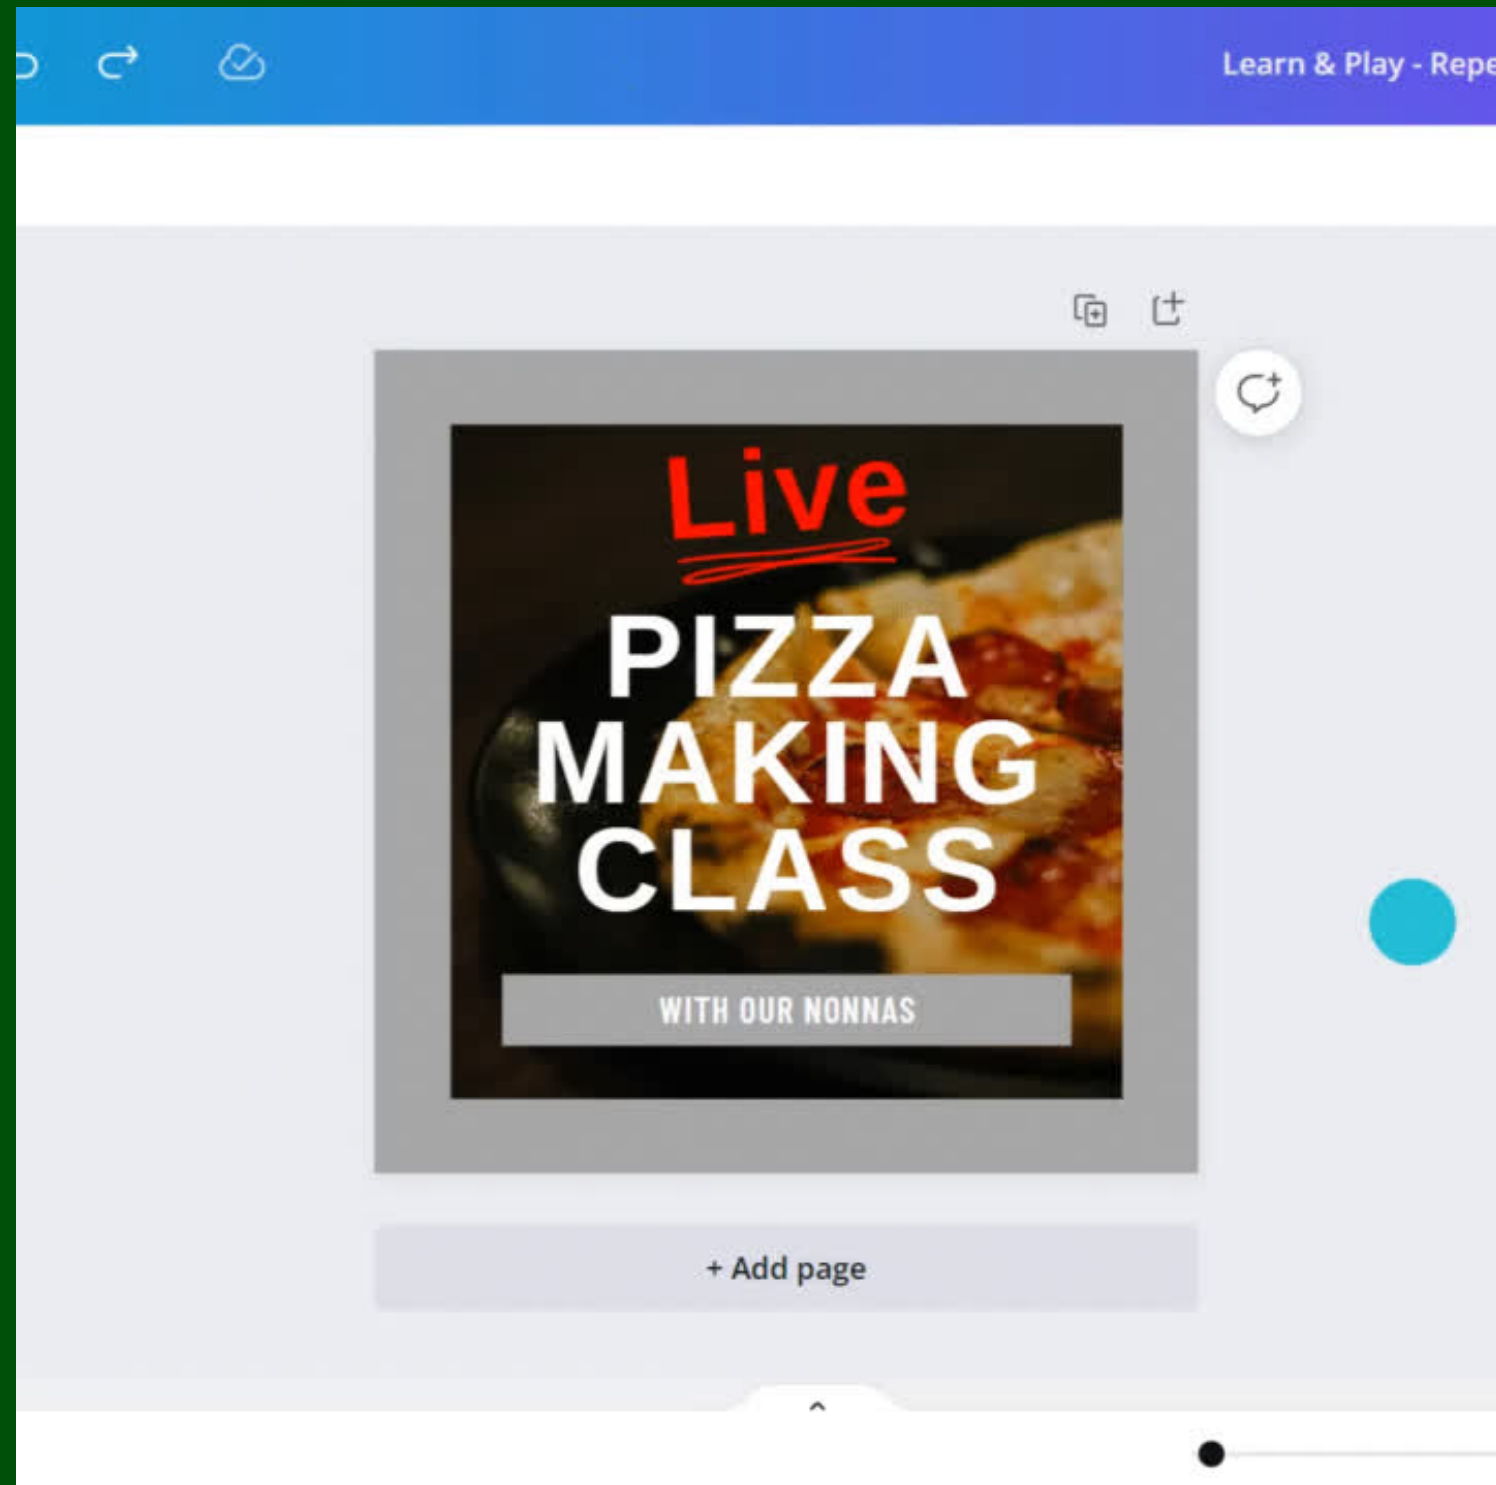

**BARLOW  
CONDENSED  
BOLD**

# Learn

Use repetition to keep your designs on-brand

# Play

Change the fonts and colors below to be on-brand

# Find Your Balance

Balance is the overall visual weight distribution in a layout. It's where you place your elements and gives your design structure.

Example

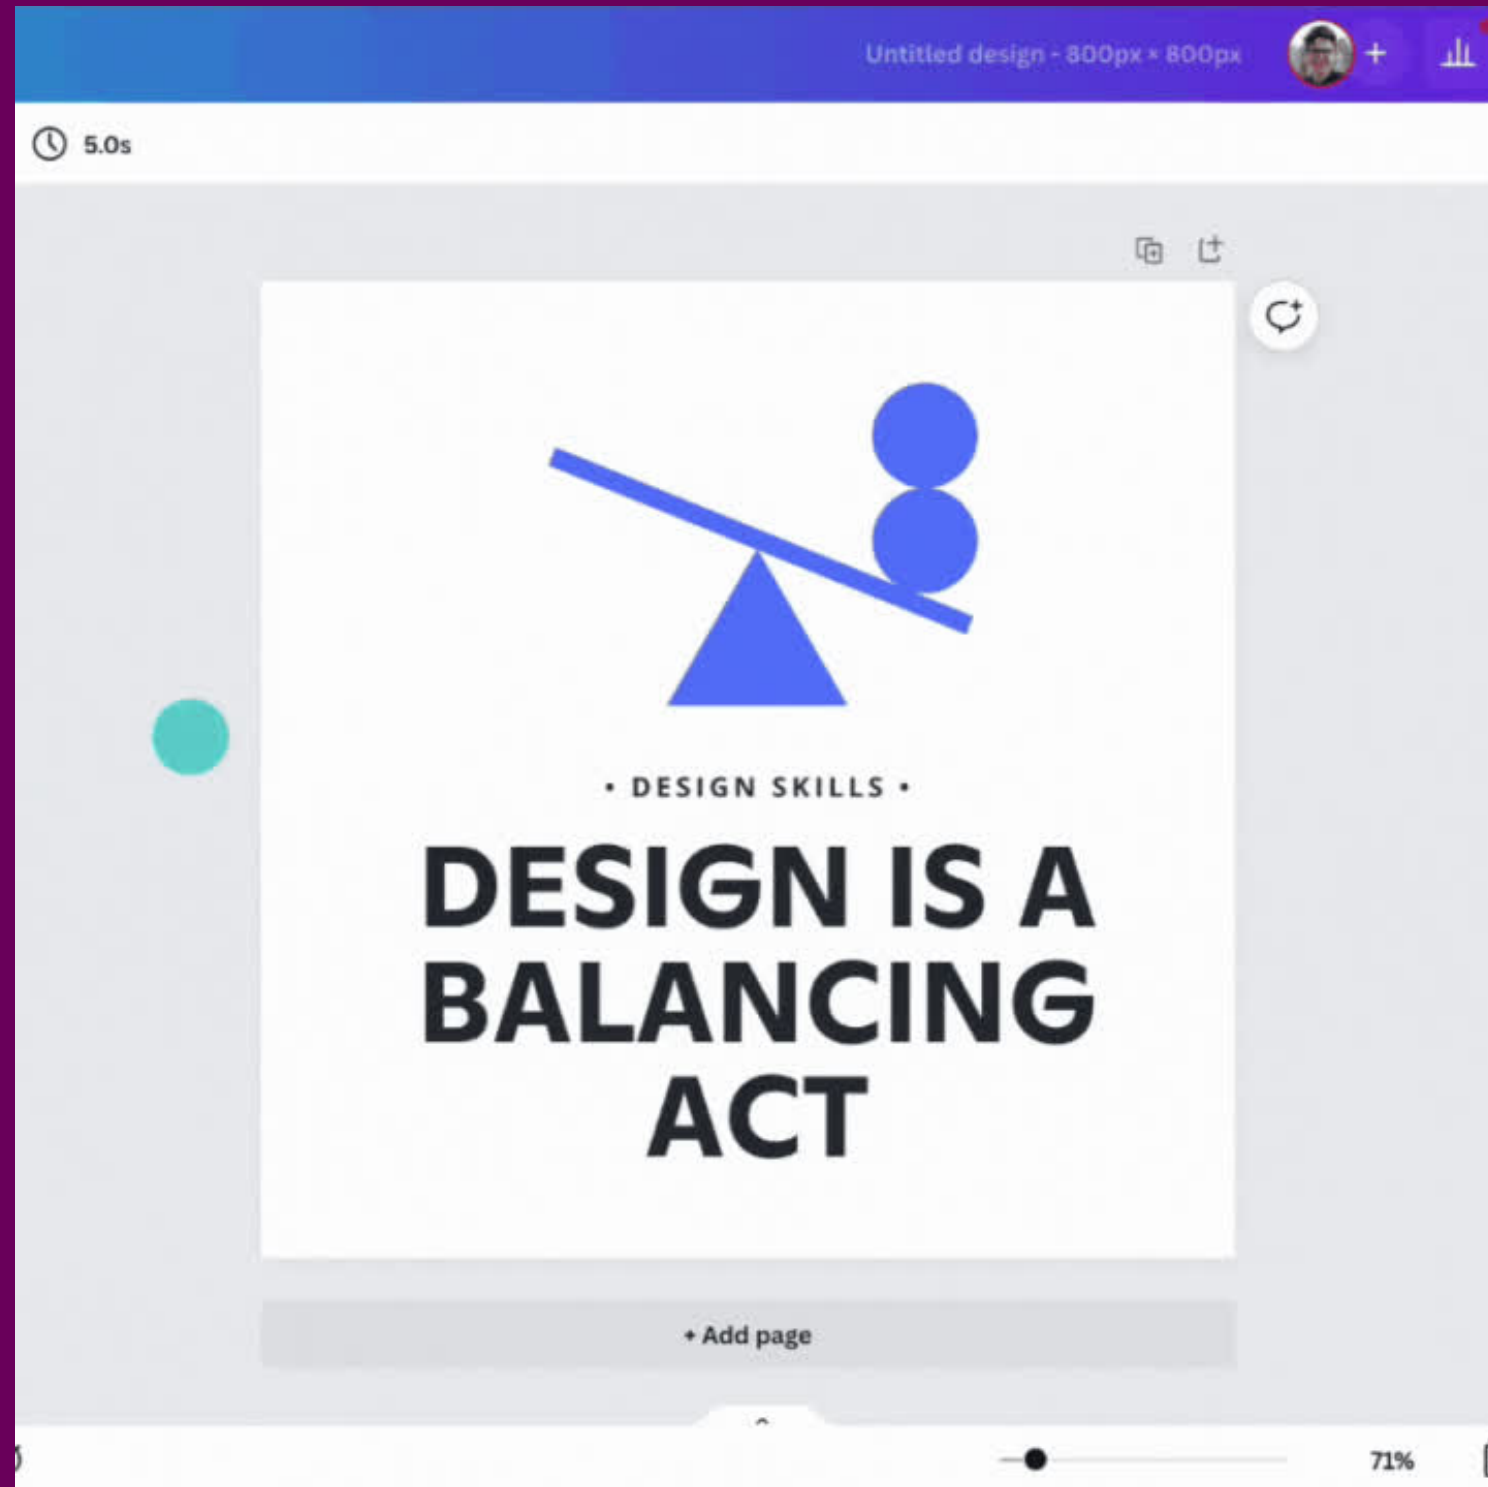

Symmetrical

Asymmetrical

# Learn

Move and rotate elements

# Play

Create a symmetrical design by moving the shapes

# Power of Contrast

**Contrast creates emphasis and helps comprehension. For example, light vs. dark or thick vs. thin.**

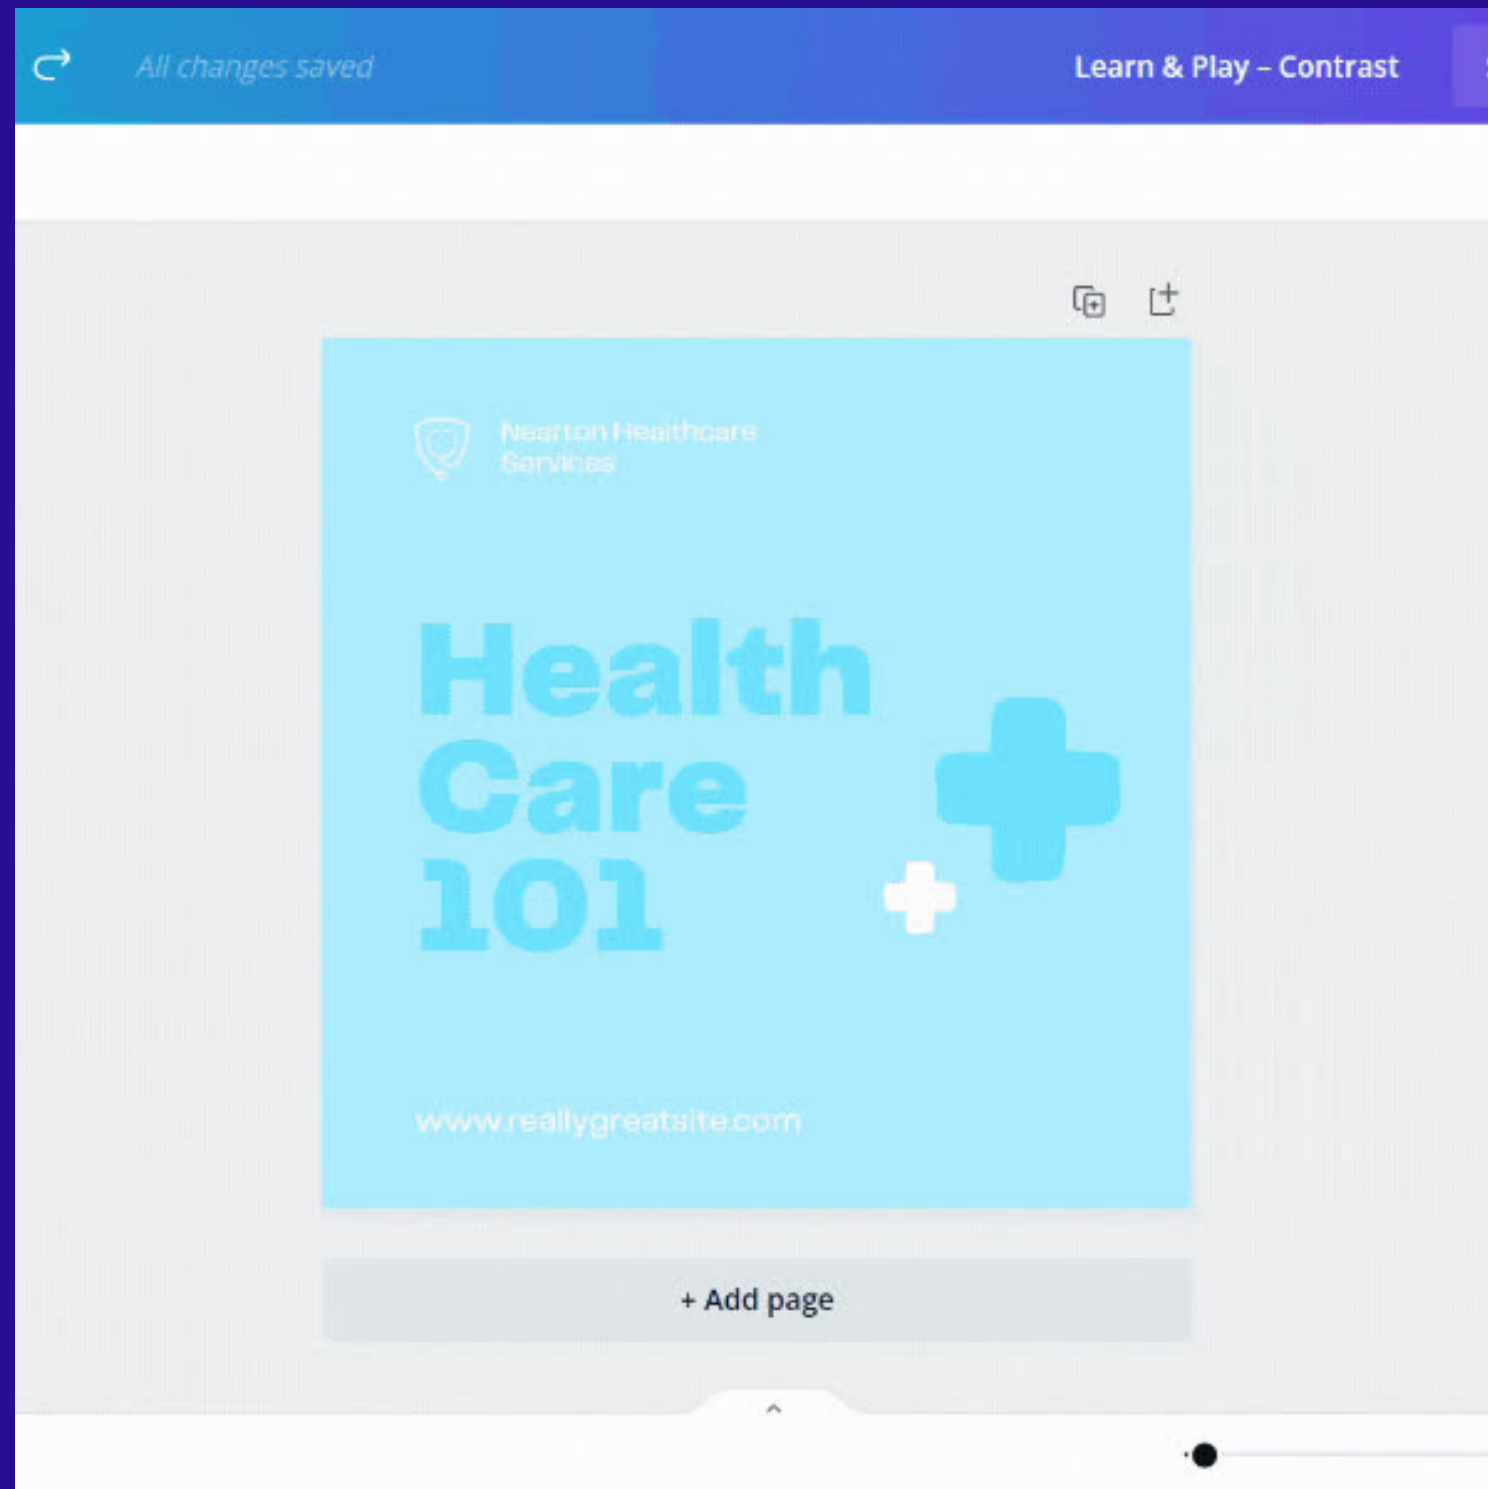

Example

*I bet you can't read this properly because there is not enough contrast*

I bet you can read this because one color is dark and the other is light.

# Learn

Change colors to create contrast

# Play

Darken the background to improve readability

Change the background color

# Visual Grouping

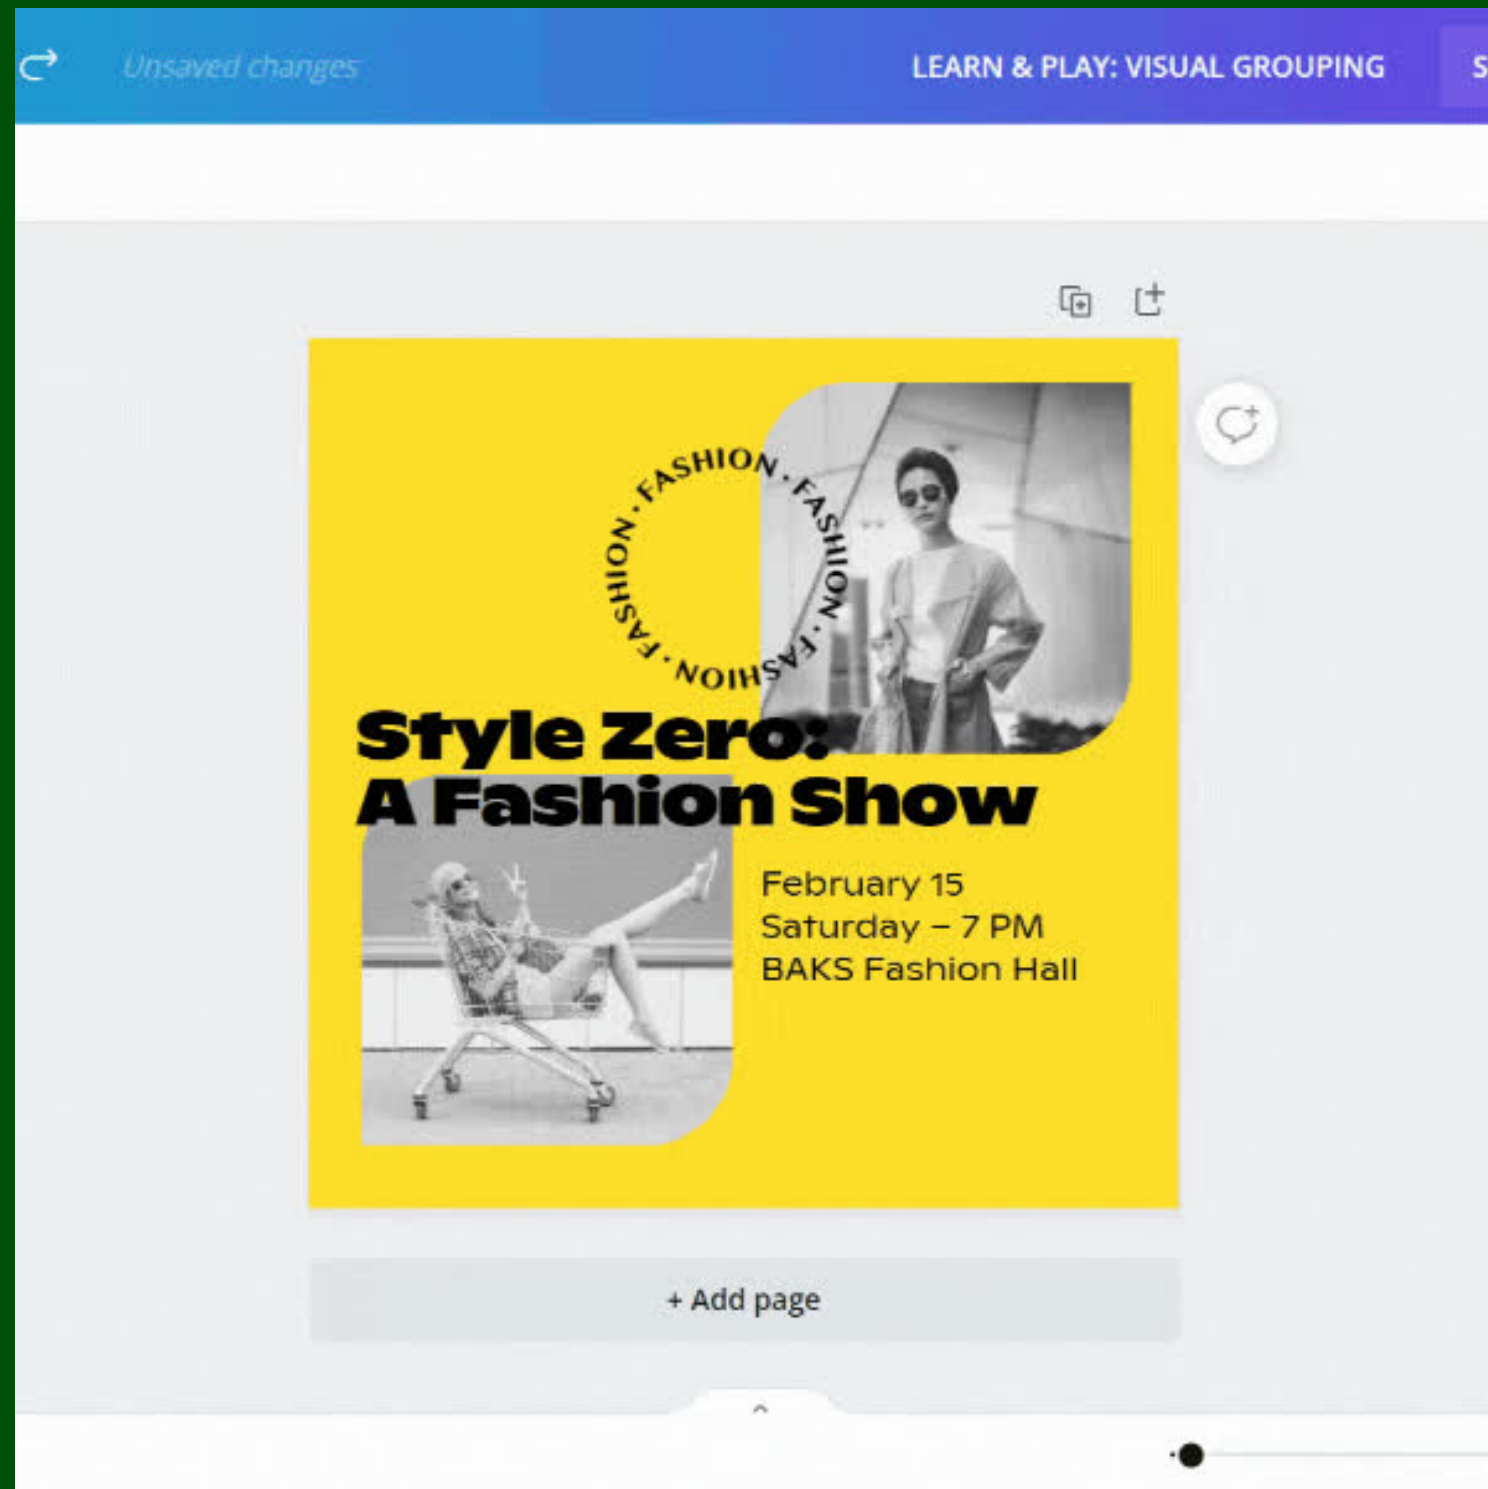

Organize designs by grouping similar things together. How can you build relationships between elements to help understanding?

Example

# Learn

Move and group similar elements

# Play

Click and drag elements to visually group

# Use Clear Space

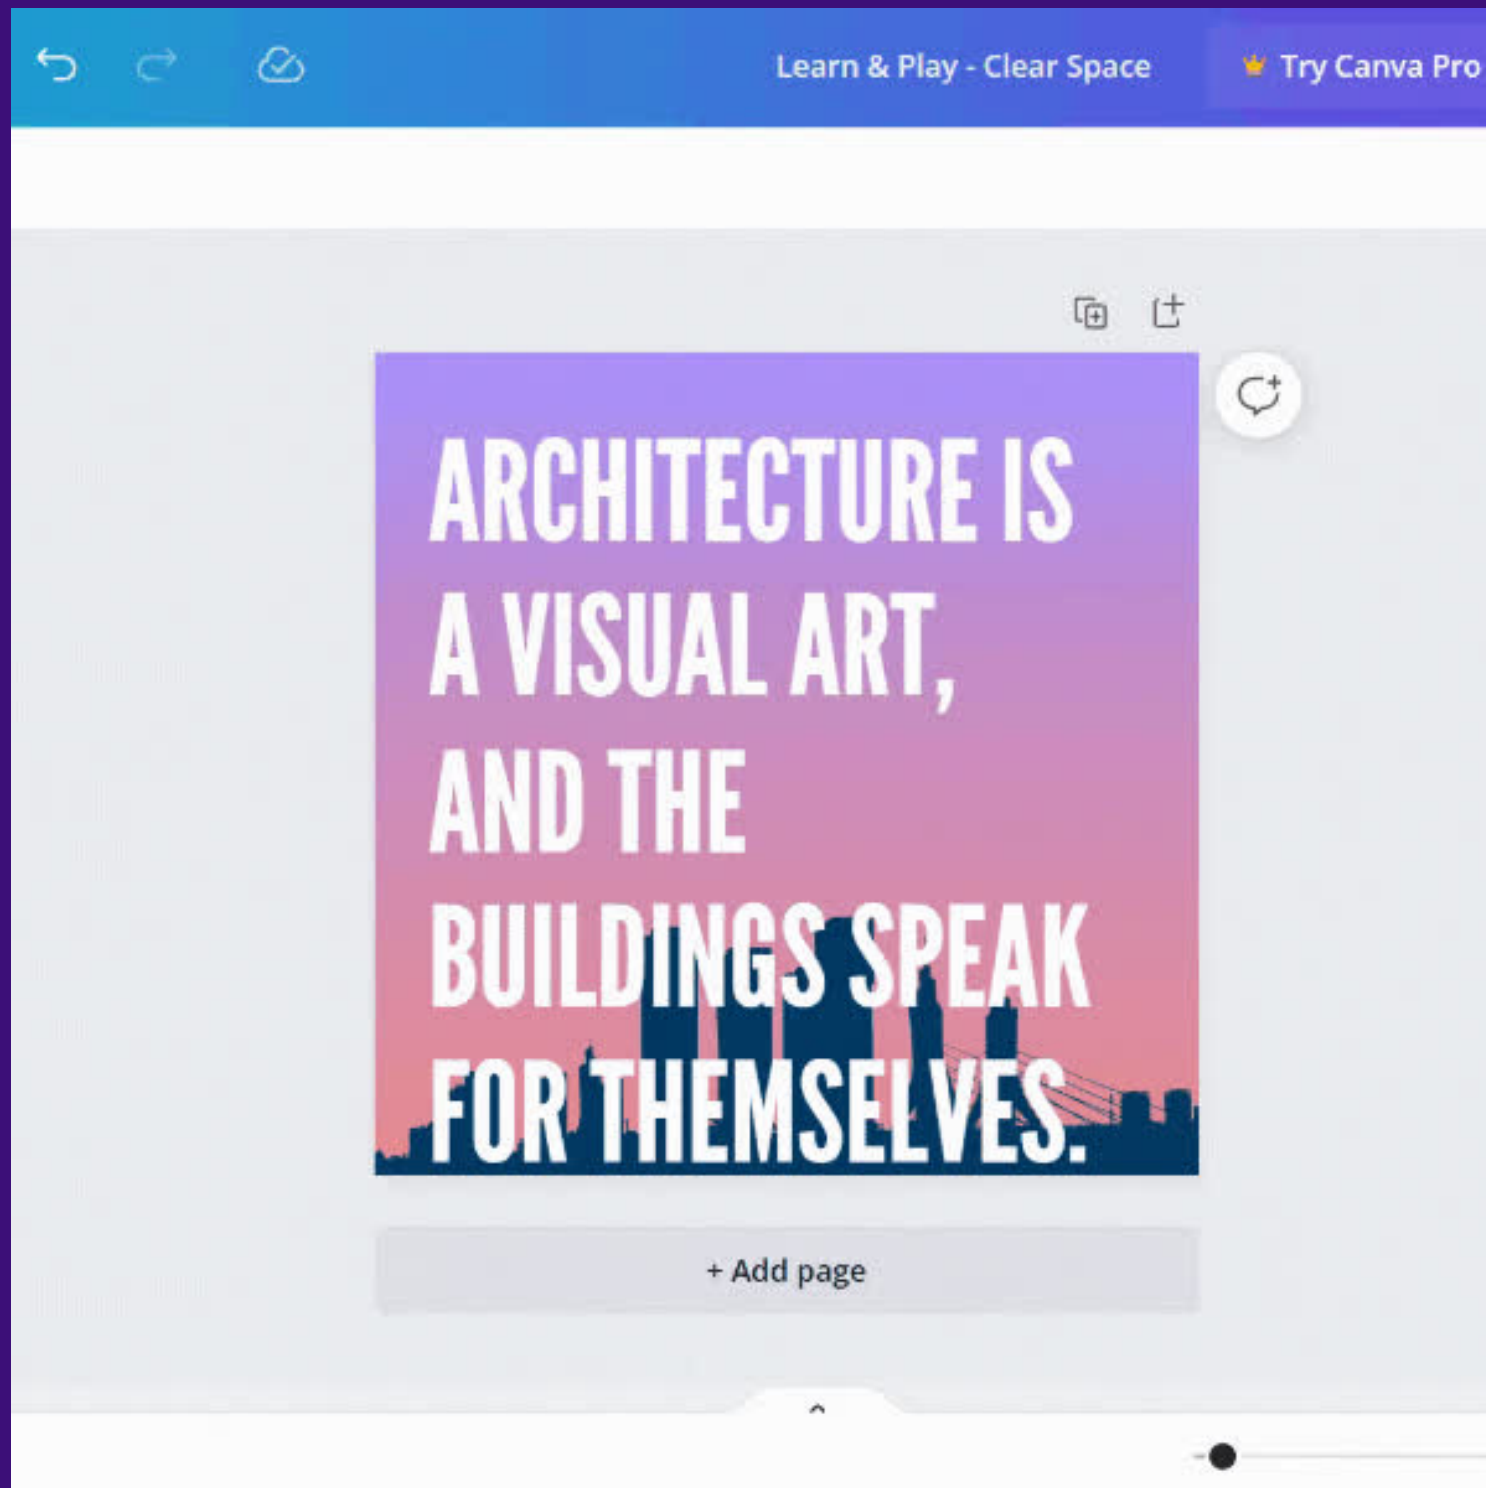

Is there enough space around design elements? Clear space creates focus and helps identify what's important.

Example

# Learn

Change the size of elements

# Play

Create clear space by reducing the text

Try 64 font size here

# Find The Right Font

Does your font complement what  
you're trying to communicate?  
Remember, when it comes to pairing  
fonts, opposites attract!

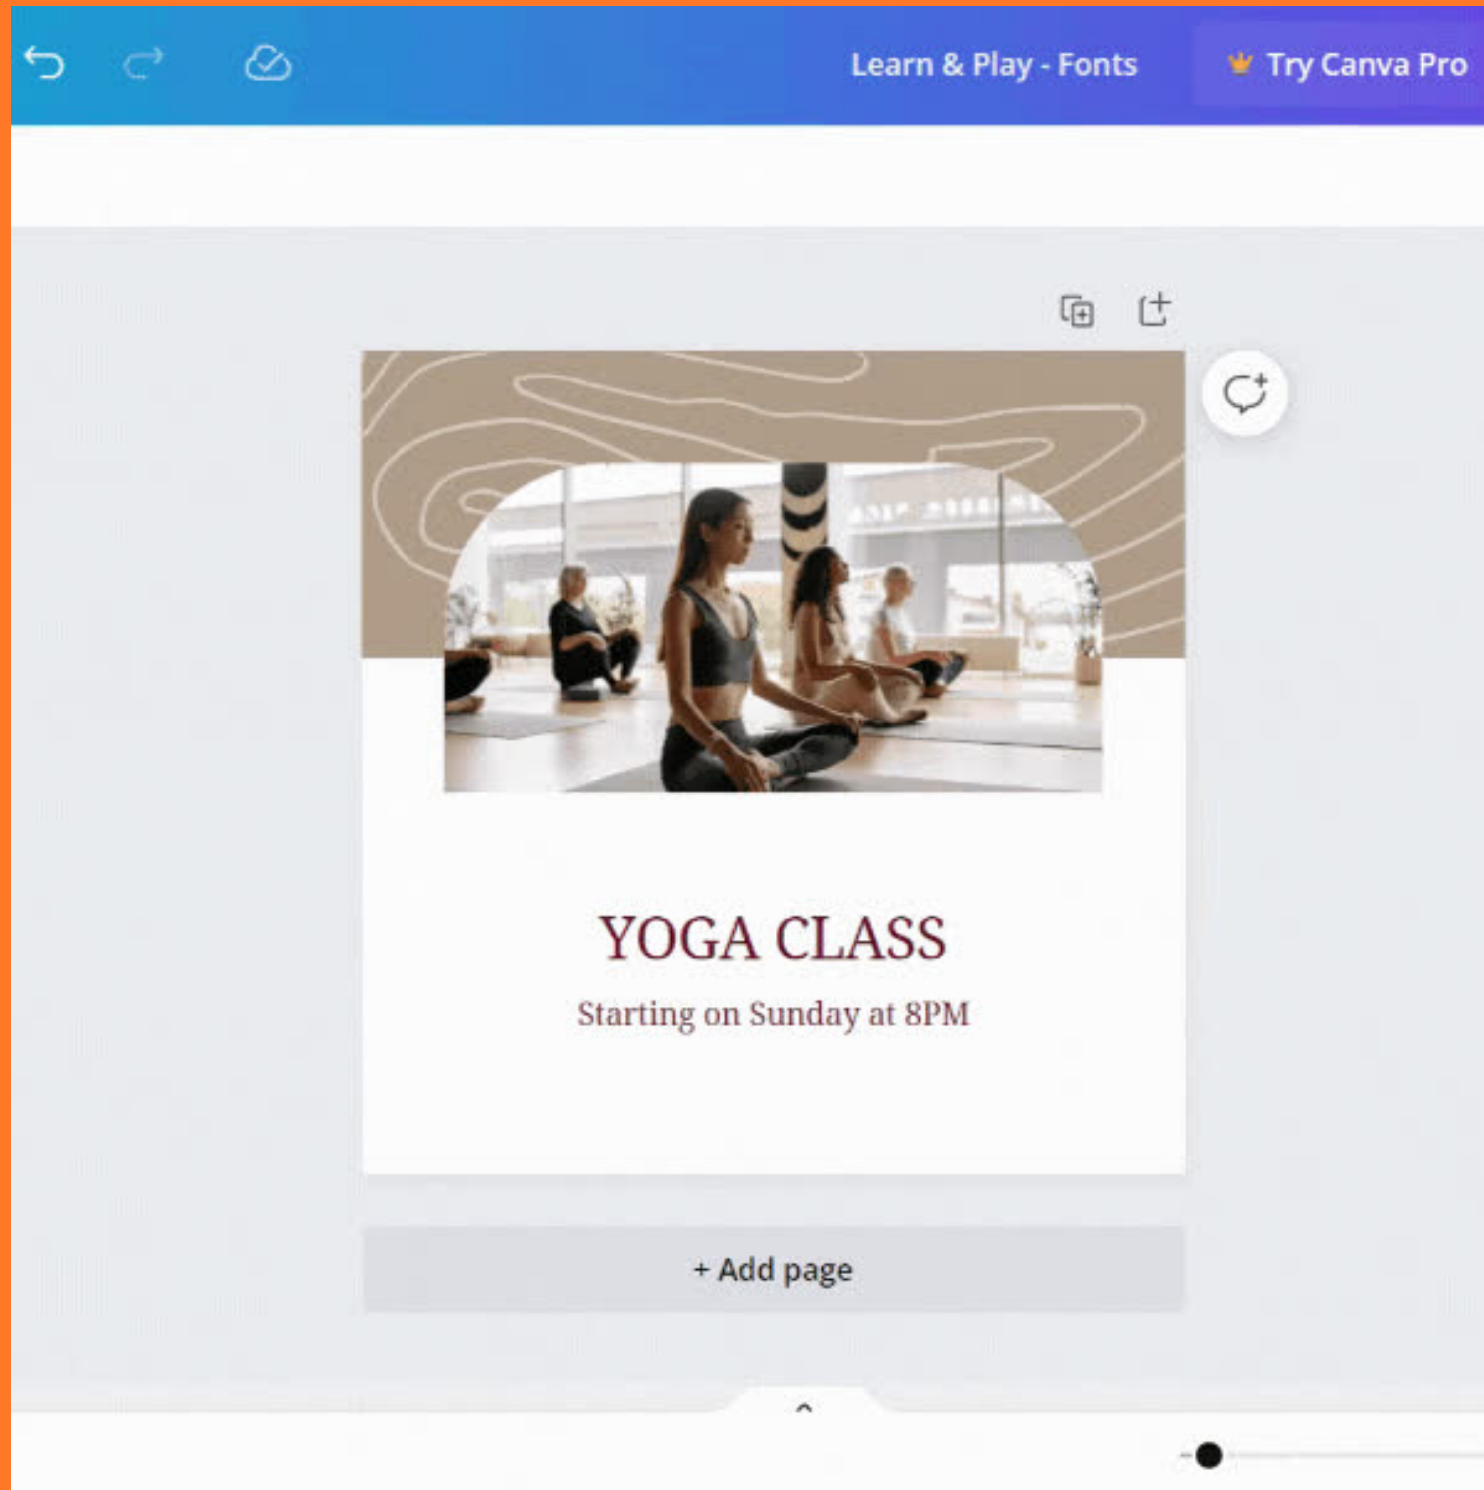

Example

# Learn

Search and select fonts

Try Safira  
March font

# Play

Pair fonts that work well together

# Color Basics

Color harmonies look good when paired with each other. Does your color palette match your mood?

Example

Complementary

Monochromatic

Analogous

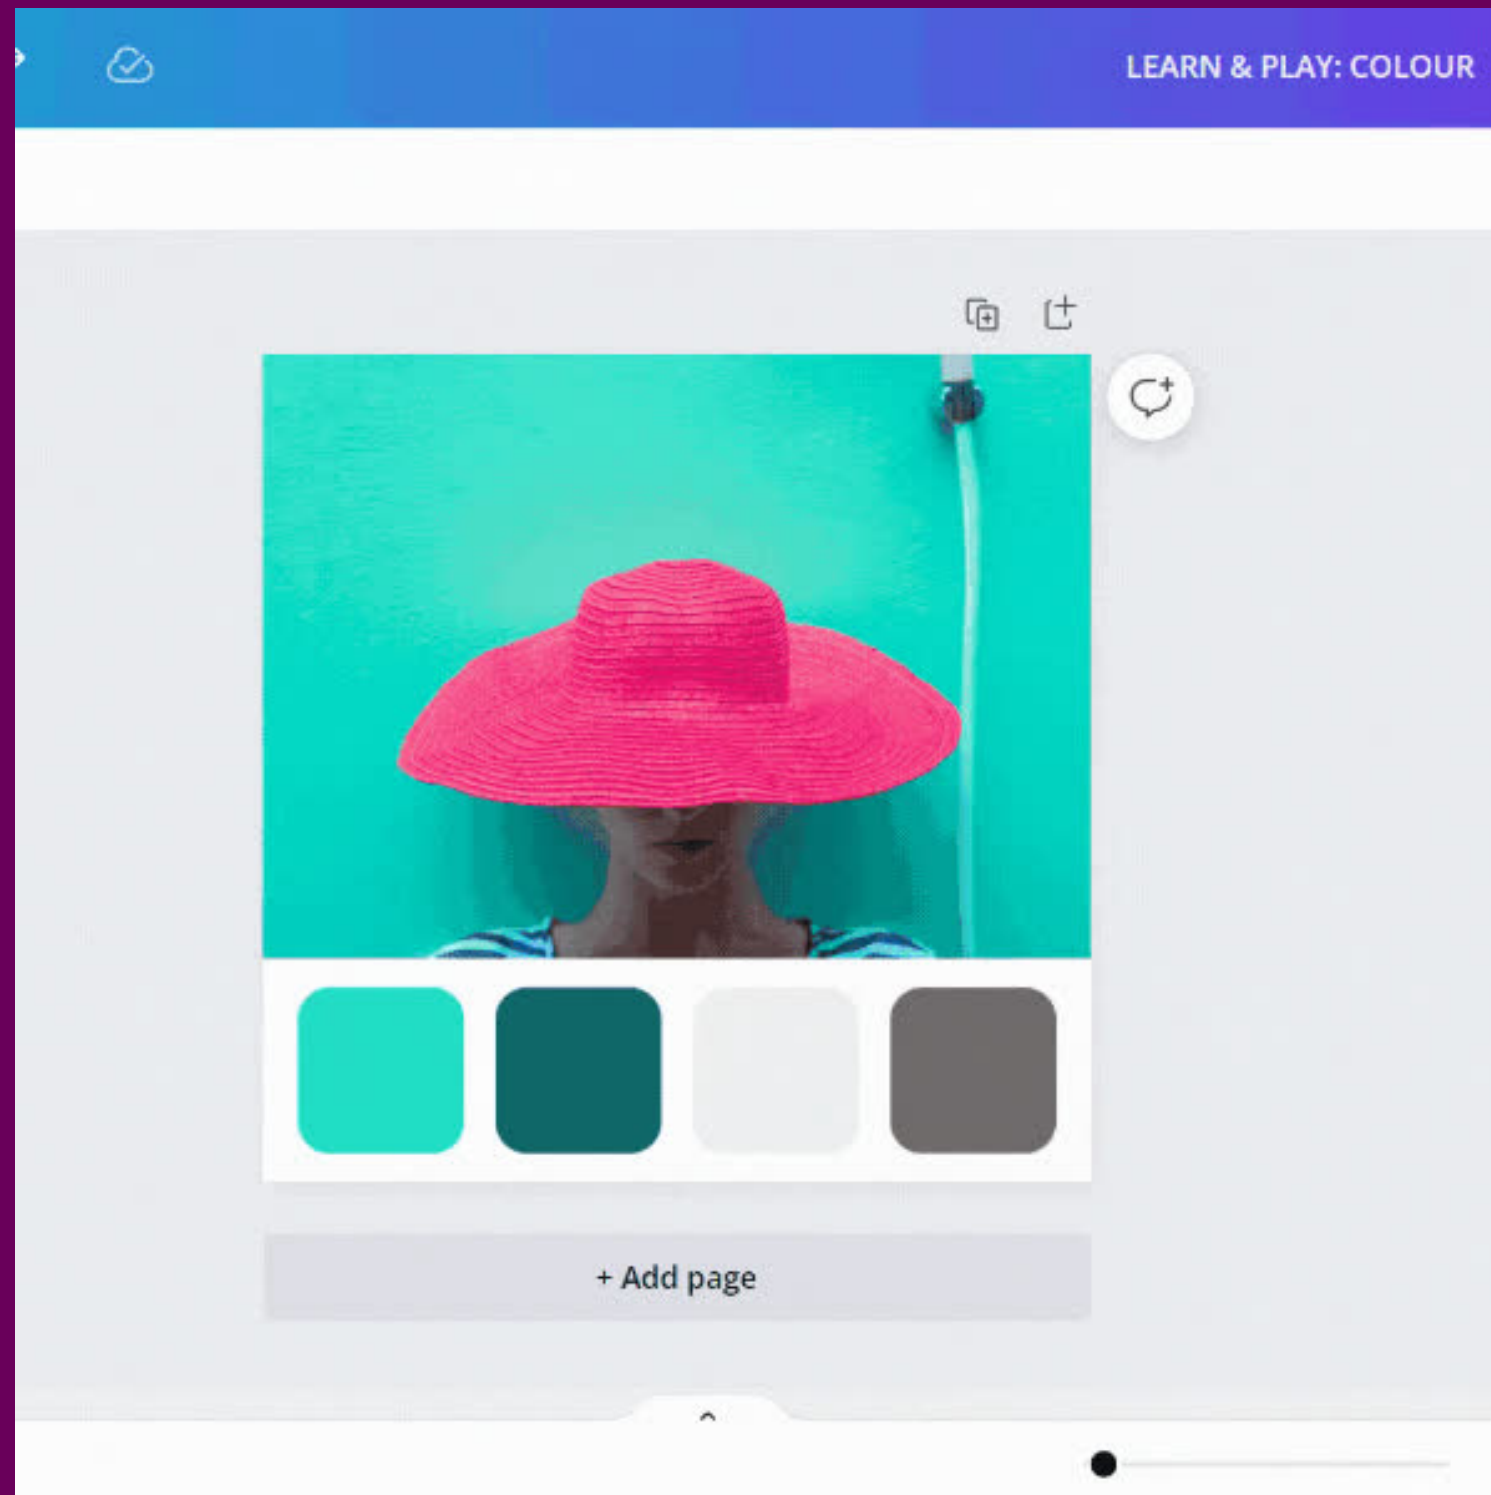

Triadic

# Learn

Use the eye-dropper to select colors

# Play

Create a color palette based on the image below

Change the color of this square

# On Brand Imagery

Do your images look unified?  
Consistency helps  
communicate your brand  
identity clearly.

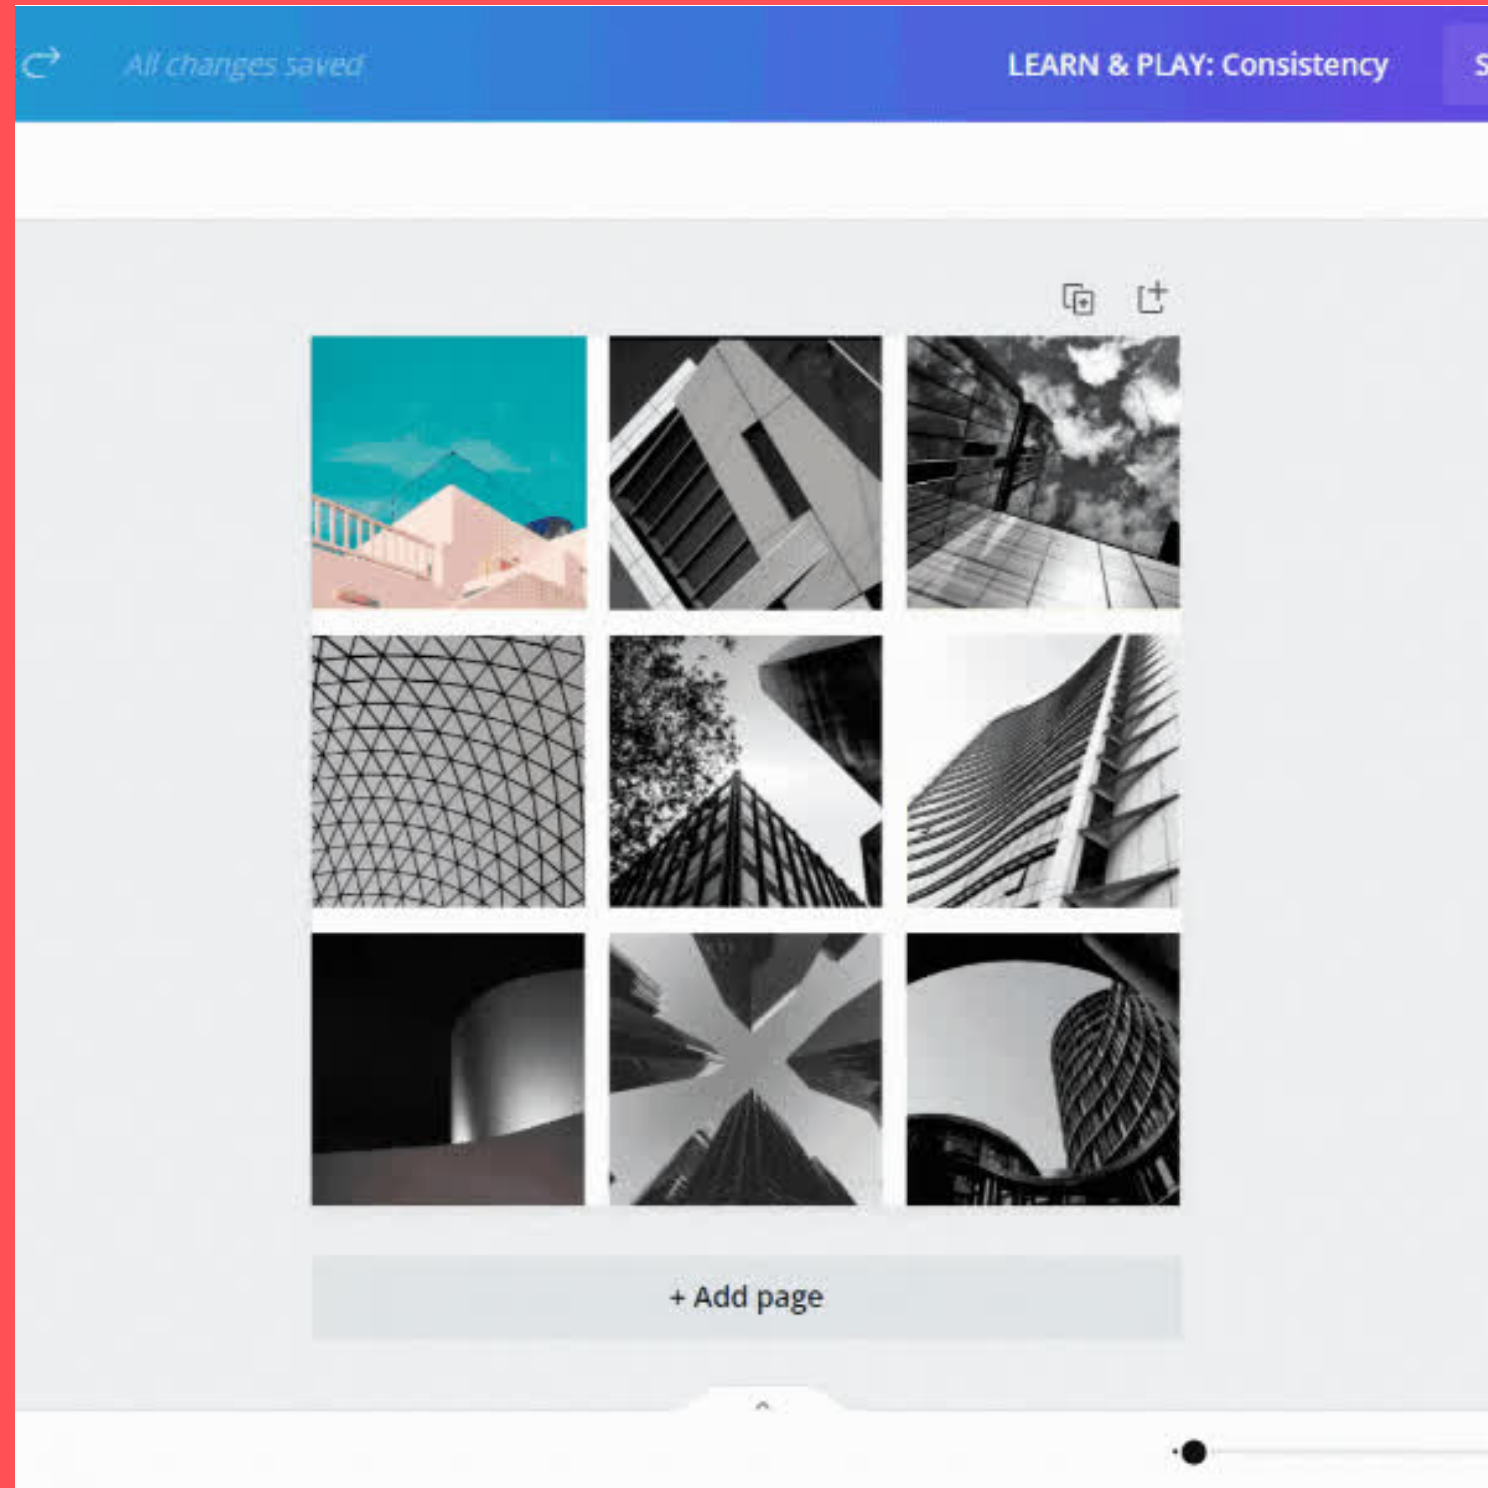

Example

# Learn

## Add an image filter

# Play

## Make all images consistent with a filter

Add a filter to this photo

# Now Have Fun!

The more you play, practise  
and explore, the better your  
design skills will become!  
I can't wait to see what you  
create.

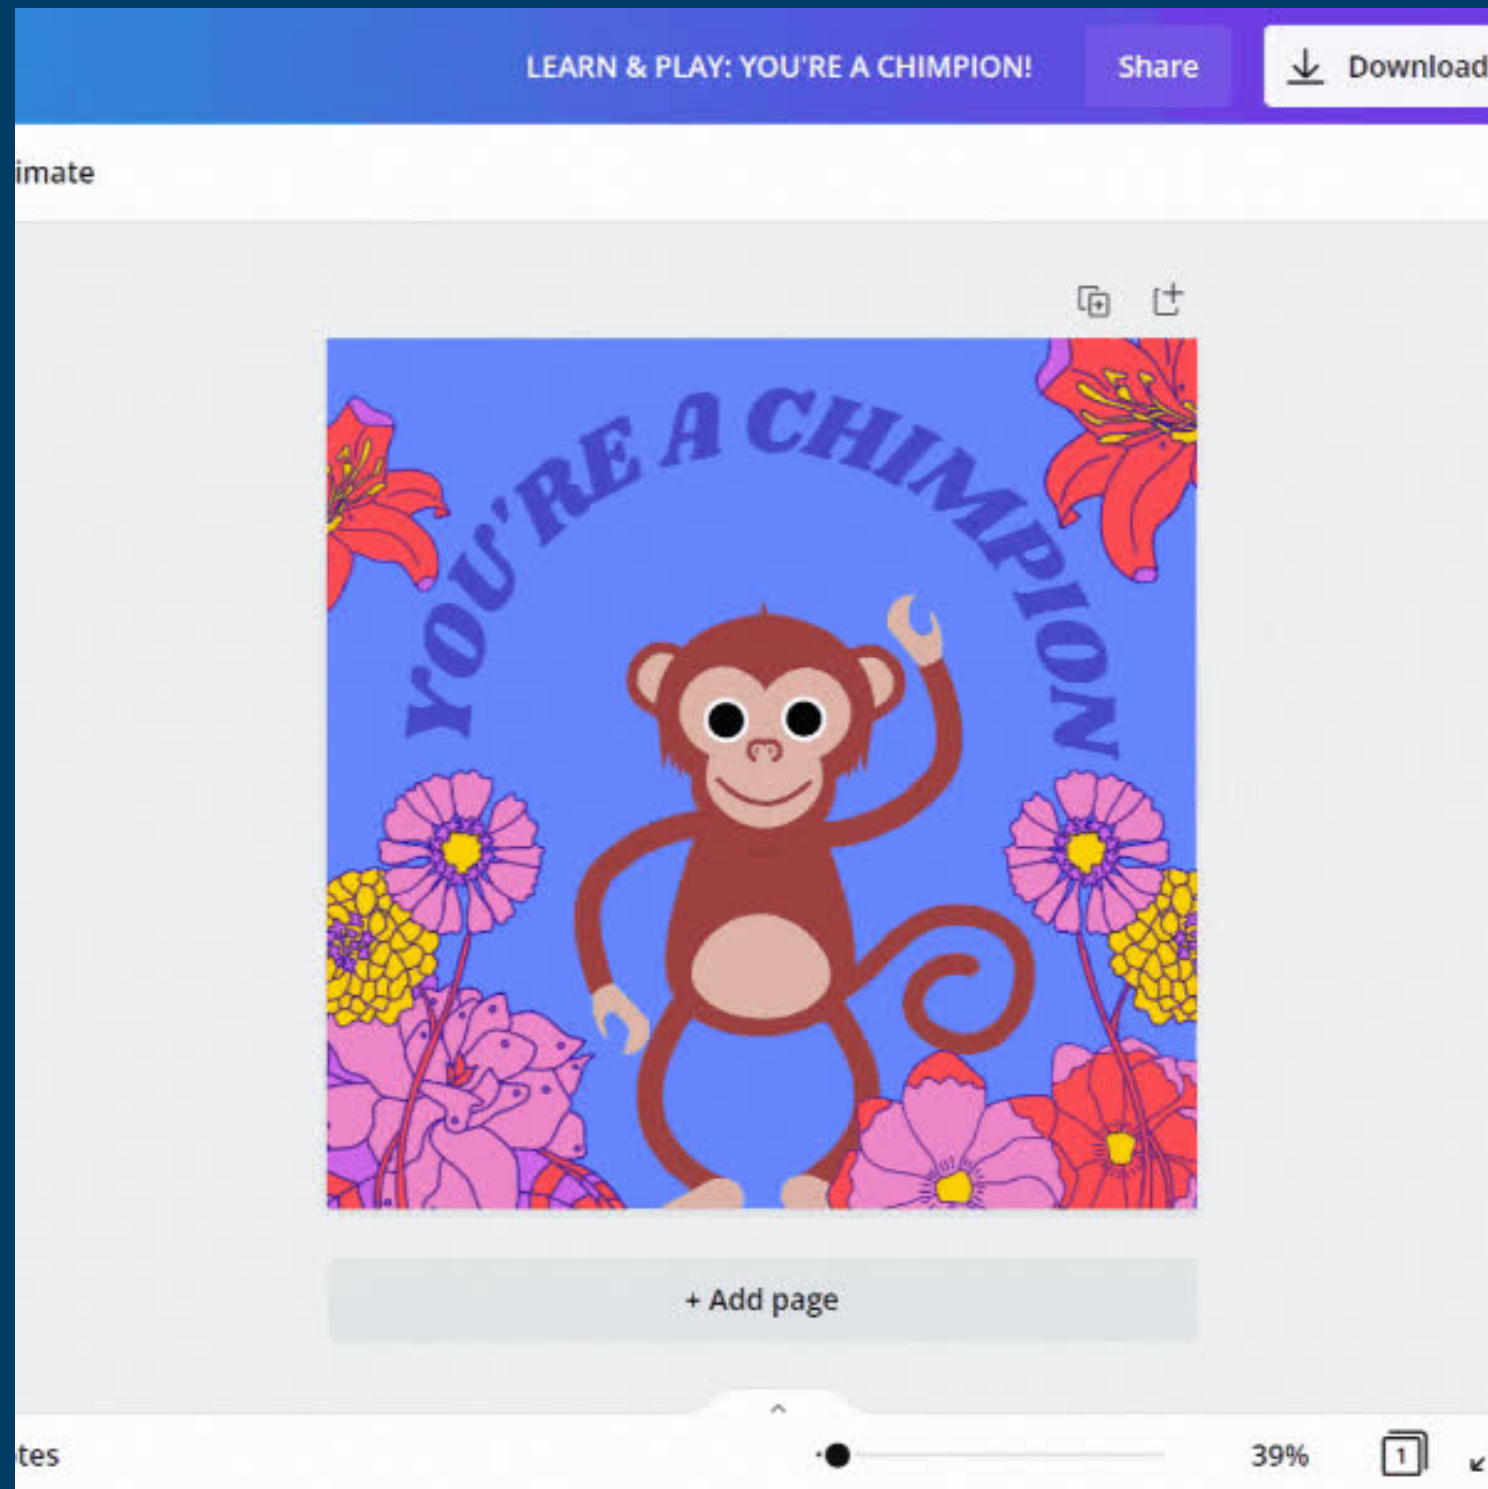

Example

# Learn

Explore elements and have fun

# Play

Search elements for a 'hat' and put it on the monkey

The image features a central white circle on a blue background. The circle is surrounded by a thick, multi-colored border composed of various shades including green, orange, purple, and pink. The text inside the circle is white and reads: 

**CANVA Q&A  
WHAT WOULD YOU  
LIKE TO SEE ME  
DEMO?**

# You Got This!

Start a new design or  
continue learning at

[designschool.canva.com](https://designschool.canva.com)

A vibrant, multi-colored circular graphic with a blue center and a rainbow-like border. The border is composed of several concentric rings of color, including red, orange, yellow, green, and blue, with a halftone dot pattern. The text "Thank you!" is written in a white, cursive font with a slight shadow, centered within the blue circle.

*Thank  
you!*

# Carola Jones, Teaching Artist

Artist, writer, digital storyteller, dreamer, working traveler, Pow Wow dancer, sharing maker of objects -- dyeing cloth with plants, flowers, and nuts. A Teaching Artist from a family of teachers and women who loved sewing, quilting, dyeing cloth, rug twining, embroidery, and crocheting. I grew up in a multi-generational home where handmade was a way of life.
